

Critters, Colors, and Clouds

by Dr. Maggie Allen

I go off exploring.
I explore each day.
I go off exploring
For critters, colors, and clouds.

After rain I look up high
Through clouds, an arc I see.
Seven colors all displayed
In a rainbow just for me...as

I go off exploring.
I explore each day.
I go off exploring
For critters, colors, and clouds.

Sometimes when I see a cat
As I go out to play.
I pretend that it's a lion
In a jungle far away...as

I go off exploring.
I explore each day.
I go off exploring
For critters, colors, and clouds.

Then I realize that I don't
Need to go far away.
I can stay right here and study
Bugs and clouds each day...as

I go off exploring.
I explore each day.
I go off exploring
For critters, colors, and clouds.
