

March, 2010

## Introduction

Greetings, teachers, and may the "luck o' the Irish" be with you this month! I've included a bit of "blarney" to enjoy with your students as well as some other fun activities. I've also included science lessons on air since March often "blows in like a roaring lion!"

Have a great March...windy month that it is...and don't get "blown away" by your workload but only by your joy from teaching! This time of the year, we often need to stop and think about that as "testing season" approaches!!!!

Happy St. Patrick's Day to you all!

Dr. Maggie
